Chapter 1

Homecoming

The leaves have browned and a crisp fall air tingles cheeks. The bonfire is lit and homecoming celebration has officially begun. Glassboro is transformed into a colorful whirlwind of phantasm and make believe. Fraternity and sorority members perform down the city's streets; big burly frat guys are suddenly Muppets and Sesame Street characters. Sorority sisters dance and twirl to music as the floats make their way down the road. And then the big game! Rowan cheerleaders lead students in rooting on their football team. In the stands, parents proudly watch their children and remember their own college days. Mingled between students and parents are Rowan alumni, still supporting their college and assisting in bringing the university into the future.

Bart Santos and Kalyn Spellman are ecstatic to be the newly crowned Homecoming King and Queen.

Chapter 2

Campus Life

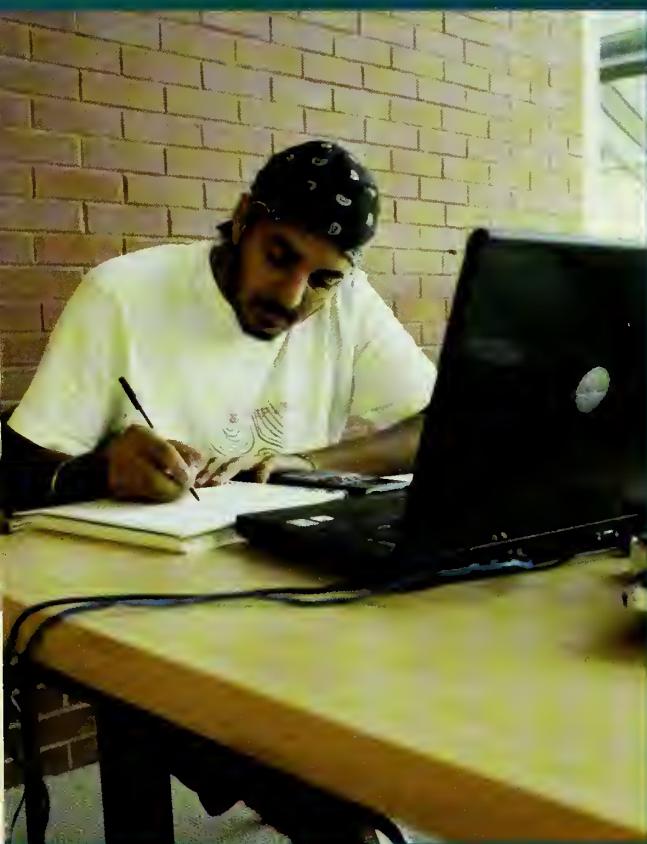

Stephen Butler Leacock once said, "That life, we learn too late, is in the living, the tissue of every day and hour." Looking back Rowan students may remember the final exams they stayed awake all night for, the first time they fell in love, pledging, or the big game; they will remember it and smile. From the freshman dorms to the off-campus apartments of senior year, students share everything; from their meals, to their trials in school, to applying for their first real jobs.

Chapter 3

Seniors

It's fall, and impending graduates are beginning to interview for jobs. Apartment hunting will follow, all in preparation for the future they will soon meet. But until then, seniors are bound and determined to enjoy their last college year. This year is slightly reminiscent of high school; we are the "old" kids on campus, and one lives this year knowing come graduation, everything changes. The senior seminars followed by happy hour at Landmark, the last formal, the joke class, the last big game, all the while knowing that too soon, they must say goodbye.

Sports

Heywood Hale Broun once said, "Sports do not build character. They reveal it." Every Rowan athlete has earned the right to represent their school on the playing field. But along the way, they have braved injuries to play in big games. They have worked hard only to be sometimes knocked down. They however, perseverance and loyalty the marks of a true athlete. These lessons transcend into every way of life. The Rowan Athletics department has inspired students to perform with grace, determination, and a fierce will to succeed in every occasion.

Organizations

Every organization at Rowan tries to promote awareness, educate, and improve the lives of its students and the Glassboro community. With the plethora of clubs to choose from, students are given the chance to explore beyond their standard curriculum. By dedicating their time and efforts, students enhance their college experience as well as give back to their community. They also prepare for their future with organizations such as PRSSA and hone their talent by writing for university publications. Blood drives and benefits provide support and funding for the surrounding town.

Faculty

There is always at least one professor Rowan graduates will remember long after they leave college. It may be the one who inspired them more than any other. Or the one who humiliated them into achievement. Or perhaps the one to whose class they dreaded going. For Rowan students, we are lucky enough to have multiple stand-out professors. Their teaching styles, good or bad, will stay with us long after we leave. They took us outside the classroom and presented us with a world filled with ideas, politics, and opportunities. Their voices will echo as we sit in a board room or stand before a classroom teaching our first lesson.

Camden

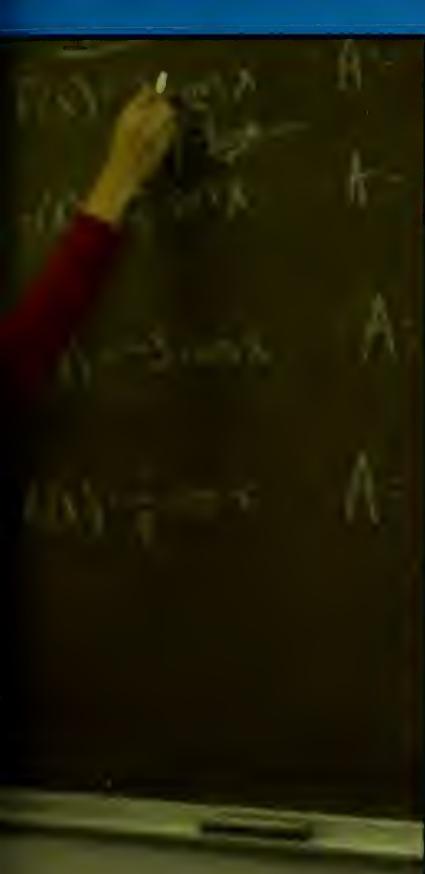

A few miles down the road from Rowan University's main campus is the Camden campus. Here students and faculty work together in achieving academic excellence. They listen as professor's lecture on politics and Whitman. They tire through calculus and statistics, knowing every lesson on and off of campus, will help lead them into their future endeavors.

Chapter 8

Graduation

As quickly as they began the college years have ended. Graduates are about to embark on a new adventure. Dressed in robes and caps, which remind students that it was only four years ago they graduated from high school, they prepare to walk their final steps as college students. Older and wiser, we now must get a job and actually go to it; so no more sleeping through the 9am hour. And while a part of us feels this is the ending of everything we knew, it's not. We will still have the same friends and this time a big paycheck to put towards our expenditures. We will have jobs but no more essays or homework. And while the three day weekends may be over, so are living in tiny dorms, eating campus food, and dealing with unpleasant professors. We are now free to our own future, free to live the life we have prepared for. It is for this day, all our sleepless nights pay off.

Dear Jane,
Congratulations and best wishes on your graduation from Rowan. You have grown from an adorable little girl into a beautiful young woman. Your intelligence, dedication and perseverance will carry you far in life. A bright future lies ahead. Go for your dreams, but take time to stop and smell the roses once in a while.

We are so proud of you!

Love,
Mom and Dad

I love you Matt,
Beyond words that can even begin to tell you who much.
I hold you and your happiness within my heart each and every day.
I am so very proud of you, and so thankful to the years that have given me so much to be thankful for.

If I were given a chance to be anything I wanted to become, there's nothing I'd rather be... than your Mom.

Congratulations Honey, I love you with ALL of my Heart! Love, Mom

Congratulations Alicia Phillips!

Dear Alicia,
Congratulations on your graduation from Rowan University. We are so proud of you and all of your accomplishments. We wish you much luck and success in all your future endeavors.

We are so proud of you!

Love,
Mom, Dad, Matt & James

I'm so proud of you Beth! Leave it to us to graduate school in the same number of years!

Love you,

Dear Beth,
Your graduation from Rowan University is a significant personal achievement. As a family, we acknowledge that this was possible only by the talents and gifts given to you by our faithful God, developed by you through hard work and perseverance. This achievement brings honor to yourself, and praise your Lord and Saviour, Jesus Christ. As your parents, we are proud and excited! May God continue to richly bless you and keep you close to Him.

With all our Love,
Mom & Dad

Dear Tara,

We are very proud of you and your accomplishments. Dedication and hard work have paid off. Your enthusiasm has always pointed you in the right direction. Our wish for you is that you continue to follow your dreams, aims and goals. You are a very special individual with a personality all your own. Love and best of luck.

Mom, Dad & "Merlin"

Dear Joshua,

We are so proud of you and all that you have accomplished.

Your college years have not been easy with the loss of three grandparents, who loved you dearly, but you kept your studies and excelled in them.

That takes a lot of determination. We love you very much and thank God everyday for giving you to us.

Congratulations!
Mom and Dad

Dear Kelly,

We want you to know that we are very proud of all that you have accomplished in the last four years. We wish you a lot of happiness and continued success for the future.

May you always follow your dreams.

Love,
Mom, Dad and Brian

Dear Eric,

From the very beginning you have filled our lives with joy, pride and fulfillment.

We applaud all your college and swimming accomplishments!

You are an inspiration to many who have come to know you.

Cherish the memories; look forward to your future.

We have faith that you will experience continued success as you enter the next chapter of your life.

We will always believe in you.

We will always love you more than you can imagine.

We will always be here for you.

May God bless and protect you, be with you in all your decisions,

and surround you with people that bring you happiness.

Love always,

MICHAEL ECKMAN,
CIVIL ENGINEER

Dear Julie-

CONGRATULATIONS! You met the college challenge with the same determination and excellence you showed throughout your school career. **WE ARE SOOO PROUD OF YOU!!!**

You've set goals along the way and achieved them. You're now so close to fulfilling the one goal that thrust you on this engineering journey. We're behind you 100%, as the next chapter of your life unfolds. The best advice we can give you is, stay focused on what's really important. (2 cor. 4:18) Above all else, "Trust in Jehovah with all your heart..." (Proverbs 3:5) And, let nothing and no one come between you and the relationship you have built with your heavenly father. (Romans 8:38,39) We love you bunches-with all our hearts-forever and ever...

Hugs and Kisses!

LIVE YOUR DREAM

Who says you can't have
your cake and eat it, too?

Jim,

Ever since you were young, you always put your all into everything that you did. It didn't matter if it was baseball, wrestling or anything else you were involved in. Even when you were involved in motor cross, you always went that little extra to make sure you gave it all you had. I am proud to say that you have continued your best efforts even with regard to your education. You have showed that there is no end to what you are capable of accomplishing.

I know that I have told you before, maybe not often enough or loud enough, but I am so very proud of you. Don't ever stop achieving your goals that you have set for yourself. Keep reaching for those stars and making me so proud of you.

Love,
Dad

It is amazing how fast the time has flown! Four short years ago we left you, our youngest, here at Rowan. You have become a fine young man and your future is filled with hope and promise.

As we look back on your milestones-first step, first word, first day of school....we realize how much you have touched our hearts and what fun it is has been to watch you grow.

We will always have wonderful memories of Little League games, Karate tournaments, Basketball games, School plays, Family vacations and the many honors you have received and Achievements you have attained.

Congratulations Pam!

I held her in my arms on that day she was born
and dreamed about her future

And the things that she would learn
now she stands before me

Bringing tears to my eyes
I found myself reluctant to

Let go of her hand
But nothing can diminish the

Love and Pride that's in my heart
Least of all the knowledge

That it's time for us to part
o now I give my only daughter

The space to find her way
nd celebrate the future of her Graduation Day!

Always missing you

BA in Science
Way to Go!

As you graduate and prepare for the Challenges of medicine
You should feel very proud of your Accomplishments
And know that you're wished
A Lifetime of Success and Happiness

You have made me mighty proud
To see you in that cap and gown
It wasn't easy but you did it.
You let nothing stand in your way

You make me want to
Jump up and shout out loud
"That's my Little Sis"

This is the start of a new beginning...
I'll be watching you.

I know you'll reach your goals.
It's nice to see good things
Happen to someone so deserving!

Love, Gram
